FROM THE

DRAWING BOARD

"Snoopy, literally, is the first character to go to the moon."

"[NASA] wanted to start a new safety program around a cartoon character and they asked me if Snoopy could be the character..."

"...they made beautiful little metal things and if a person had a good safety record, one of the astronauts would present him or her with the pin and of course, those pins were taken to the moon landing.

So Snoopy, literally, is the first character to go to the moon."

- Charles M. Schulz
